

## **RADIONET SELECTION COMMITTEE WP 3.3– STM**

DATE	March 08, 2017	TIME	2-3 pm (CET)
PLACE	Teleconference		
PARTICIPANTS	<b>Selection Committee:</b> R. Keller (leader), R. Beswick, A. Navarrini, <b>Management (MPIFR):</b> I. Rottmann, J. Casado Iglesias (minutes)		

### 1) Call

- Text: Should mention the regular call releases (each 6 months) and should not address “early career researcher”. The selection committee will modify the text and provide the Management with the new text before the next call
- Next call: Release on June 1, 2017. Evaluation time July 1-14, 2017.

### 2) Evaluation criteria

- Short CV just for judgement of expertise/assessment
- Specification of cost types – information of the use of the contribution should be specified
- The selection committee would like to be informed about the current budget status, when they allocate funding.

### 3) Selection decision:

1. Pablo Garcia (Yebes/ES) will receive for his STM to INAF, Bologna/IT 1500 €.
2. Joni Tammi will not receive RadioNet STM funding. The goal of the proposed visit does not fit in the STM scope, but could be realized under a training or technical event. The selection committee recommended applying in the next call in one of those calls.
3. Marcis Bleiders (VIRAC of Ventspils University) will receive for his STM to Yebes Observatory/ES 900€.
4. Miguel Perez Torres will not receive RadioNet STM funding. The scientific impact was highly ranked but the cross disciplinarity does not reach the threshold.
5. Samuel Lopez Ruiz (Yebes Observatory/ES) will receive for his STM to Onsala Space Observatory/SE 1500€.
6. Jonas Flygare (OSO, Onsala/SE) will receive for his STM to the Technological Development Center/National Geographical Institute, ES 1500€.

The Management will draft the letters of rejection and, after receiving the approval of the selection committee, send them to Dr. Tammi and Dr. Perez Torres.

The Management will inform the successful applicants about the outcome of the selection and the next steps.

3) Selection Process: Applications will be uploaded by the Management on the wiki page (password protected) immediately after the receipt. So the selection committee does not have to wait until after the deadline. Note: Only after the deadline, there is the guarantee to read the final version of the applications. After the deadline, the Management will provide the final versions of the applications to the selection committee. When possible and where appropriate, the selection committee will suggest the applicants to send the application for another RadioNet call.
